Escape the heat at the Laurel Museum!

Beat the summer heat at the Laurel Museum.

Visit our current exhibit, "Snapshots in Time: Our Community in 1910 and 2010." Filled with activities for kids and constantly evolving, the exhibit changes each time you come in!

Downstairs you can visit Diven's Den. Diven's Den is an area designed to keep little hands happy and busy. A special video and exhibit can explain the history of Laurel to the little ones. Games, activities, and coloring await for kids and their parents to have fun in this special space!
